Thank you to all who attended and presented information for the last round of the Safety Officer Networking Meetings (SONM) in March of 2019. They were a huge success because of **YOU!**

Mark your calendars and share with others, the NEXT ROUND of MEETINGS are ready to go!

Safety Officer Network Meetings are designed to assist you with improving your knowledge, skills, and abilities while connecting you to other safety personnel in and around your area. The next round of meetings will highlight Mr. Jay Withrow from the Department of Labor and Industry (VOSH). Mr. Withrow will talk about legal aspects as they pertain Occupational Safety and Health for supervisors. After Mr. Withrow's presentation, we will facilitate a discussion concerning the issues that participants have brought forward on previous evaluation forms. This interactive discussion is designed to learn from each other and take back lessons learned from other agencies. As always we will review general safety news, updates, and workers' compensation claims.

Register for the meeting of your choice at:
